# HEART OF SOUND

**JBL**

Powering the aural element in this experiential journey called Efection is JBL, an audio pioneer driven by the firm belief that reproduced sound should mirror the artist's vision without alterations. The product that aided the audio part of your immersion are the JBL Tour One M2 true adaptive noise cancellation headphones, one of the many outcomes birthed by 77 years of pedigree and pathbreaking innovations. With iconic products that span across personal, portable and home audio, you will always find JBL at the heart of sound.

## TOUR ONE M2

### **Built for comfort, designed for inspiration.**

JBL Tour One M2's True Adaptive Noise Cancelling technology tunes out distractions so you can enjoy your favorite playlists—or even the sound of silence—all powered by legendary Hi-Res certified JBL Pro Sound. Immerse yourself in superb, spatial audio on the go for up to 50 hours or enjoy the clarity of the 4-mic technology while having phone conversations. The integrated mics even recognize your voice, so you can have quick conversations with your headphones on, thanks to the Smart Talk function. Or turn on the Personal Sound Amplification to boost yours and others' voice volume without ever removing your headphones.
